

# Pass Oracle 1Z0-064 Exam Quickly With CertificationsBuzz

Oracle certification plays an important role to open many doors of opportunities in your career. More than 90% of HR managers use **Oracle Database 1Z0-064** Dumps certification as screening or hiring criteria during the recruitment process. They give preference to hiring a certified Oracle Database 12c: Performance Management and Tuning 1Z0-064 Exam Questions candidate rather than a fresh graduate. So either you are a beginner or an experienced professional you must enrol in the 1Z0-064 Certification Exam Dumps and try your best to pass the 1Z0-064 Certification Exam Questions. In this way, you can easily accelerate your career and stand out from the crowd in the highly competitive market. However, it is not as simple as it is described. To pass the **Oracle Database 12c: Performance Management and Tuning 1Z0-064** Certification Exam Dumps you have to prepare well with the help of valid, updated, real **1Z0-064 Dumps**. Do you have a plan to pass the Oracle Database 1Z0-064 Exam Questions? Are you ready to take action? Today is the best time to take control of your career and choose the best 1Z0-064 Exam Dumps preparation platform like CertificationsBuzz. At this platform, you will find everything that you need to learn, prepare and pass the challenging 1Z0-064 Exam Questions in the first attempt.

## Top Features Of CertificationsBuzz Oracle 1Z0-064 Exam Dumps

CertificationsBuzz is committed to offering the best way that not only aces your **Oracle Database 12c: Performance Management and Tuning 1Z0-064** Exam Dumps preparation but also enables you to pass the final Oracle Database **1Z0-064 Questions** even on the first attempt. CertificationsBuzz has been offering its services for many years. The thousands of candidates have passed their dream 1Z0-064 Certification Exam Dumps quickly. They all used the 1Z0-064 Exam Practice Questions and got success in **Oracle Database 1Z0-064** Exam Dumps with flying colours. You may be the next successful candidate for the Oracle Database 12c: Performance Management and Tuning 1Z0-064 Certification Exam Questions. As far as 1Z0-064 Exam Dumps are concerned, these real questions are designed by experienced and certified professionals. They strive their best to maintain the best quality of 1Z0-064 Exam Practice Questions all the time. So you rest assured that with **Oracle Database 12c: Performance Management and Tuning 1Z0-064** Exam Dumps

you will pass the final Oracle Database 1Z0-064 Exam Questions easily. 1Z0-064 Exam Dumps are categorized into three easy to use and compatible formats. These formats are **Oracle Database 1Z0-064** Dumps PDF file, 1Z0-064 Desktop Practice Test Software and 1Z0-064 Web-Based Practice Exam. All these formats come with some unique and common features. Let's talk one by one about the top features of Oracle Database 12c: Performance Management and Tuning 1Z0-064 Exam Questions formats.

### CertificationsBuzz Oracle 1Z0-064 Desktop Practice Test Software:

Oracle Database 1Z0-064 Desktop Practice Test Software is a mock Oracle Database 12c: Performance Management and Tuning 1Z0-064 Exam Practice Questions that are designed to provide real-time **Oracle Database 12c: Performance Management and Tuning 1Z0-064** Exam Dumps experience. 1Z0-064 Desktop Practice Test Software is user friendly and compatible software. You do not need any special software or driver to install 1Z0-064 Desktop Practice Test Software. Just download and start your **Oracle Database 1Z0-064** Exam Practice Questions preparation.

### CertificationsBuzz Oracle 1Z0-064 Web-based Practice Test Software:

Oracle Database 12c: Performance Management and Tuning 1Z0-064 Web-Based Practice Test Software is a browser-based application that is compatible with all latest browsers such as Safari, Opera, Chrome and Firefox etc. To run this application you just need to download **Oracle Database 1Z0-064** Web-Based Practice Exam Software and then put a link into any popular browser and start your 1Z0-064 Practice Test preparation. Now with **Oracle Database 12c: Performance Management and Tuning 1Z0-064** Web-Based Practice Test Software, you can start your 1Z0-064 Practice Exam preparation anytime and anywhere. and pass your dream **Oracle Certification Exam** easily.

### CertificationsBuzz Oracle 1Z0-064 Dumps In PDF Format:

Oracle Database 1Z0-064 PDF Practice Questions are the most wanted product of CertificationsBuzz. In this PDF file all valid, updated and real **Oracle Database 12c: Performance Management and Tuning 1Z0-064** Exam Dumps are included. The CertificationsBuzz 1Z0-064 PDF Dumps are the real questions that will be repeated in the final 1Z0-064 Exam Questions. You just need to download it after payment and start your Oracle Database 1Z0-064 Exam Dumps preparation. To run the Oracle Database 12c: Performance Management and Tuning 1Z0-064 PDF Questions file you do not need any special software or driver. Just get the 1Z0-064 PDF Dumps and start your 1Z0-064 Exam Questions preparation journey instantly. Today is the right time to take action and control your career. To do this just enrol in the Oracle Database 12c: Performance Management and Tuning 1Z0-064 Exam Dumps and download **Oracle Database 1Z0-064** Exam Practice Questions and start your preparation. Best of luck.

### Question No. 1

In which three scenarios would you recommend the use of the SQL Performance Analyzer?

- **A.** to identify SQL statements that require SQL profiles
- **B.** to analyze the impact of network and interconnect changes on database workload
- **C.** to identify SQL statements whose performance may have regressed due to a hardware upgrade
- **D.** to analyze the impact of new indexes and materialized views on the SQL statements executed by an application
- **E.** to identify SQL statements in an application whose performance may have regressed due to migration from Oracle Database 11g to 12c
- **F.** to analyze the impact of using bind variables for syntactically similar SQL statements

**Answer:** A, B, C

### Question No. 2

Which four statements are true about Consolidated Database Replay?

- **A.** Multiple replay schedules can be defined and any existing replay schedules can also be used.
- **B.** Multiple database workloads can be replayed only if both the capture and replay databases are on the same operating system.
- **C.** The replay starts simultaneously for all participating workload captures if no order is defined in the replay schedule.
- **D.** Consolidated workloads from one or multiple databases can be replayed concurrently on a single system.
- **E.** A subset of the captured workload can be replayed on a test system.
- **F.** Multiple database workloads can be replayed only if both the capture and replay databases have the same database version.
- **G.** The number of replay clients must be equal to the number of captured workloads.

**Answer:** A, C, D, E

### Question No. 3

Your database supports an OLTP workload where a large number of syntactically similar queries are executed. Examine the Instance Efficiency Percentages in the Automatic Workload Repository (AWR) report of the last hour:

Instance Efficiency Percentages (Target 100%)

Buffer Nowait %:	100.00	Redo NoWait %:	100.00
Buffer Hit %:	79.49	In-memory Sort %:	100.00
Library Hit %:	63.12	Soft Parse %:	32.72
Execute to Parse %:	4.12	Latch Hit %:	99.95
Parse CPU to Parses Elapsed %:	1.98	%Non-Parse CPU:	36.94

Which two inferences can be drawn from the report?

- **A.** The optimizer is waiting for resources during parsing of the queries.
- **B.** The CPU is spending more time on pinning cursors in the library cache.

- **C.** The database buffer cache is undersized and is causing contention.
- **D.** Cursors are not getting shared in the library cache.

**Answer:** A, D

#### **Question No. 4**

Your database supports an OLTP workload where applications primarily perform small random I/Os. You notice an increase in the I/O requests queued up against the storage, and an increase in the wait time in queue. The database uses file system storage.

What would you recommend to decrease the wait time of I/O requests?

- **A.** Decrease the value of the DBWR\_IO\_SLAVES parameter.
- **B.** Increase the size of the buffer cache.
- **C.** Increase the value of the DB\_WRITER\_PROCESSES parameter.
- **D.** Suggest storage admin to add more disks (spindles) to storage and stripe data across disks.

**Answer:** B

#### **Question No. 5**

Your database supports multiple applications. The applications run on the middle tier and use connection for connecting to the database.

You notice that the sessions created by the applications are competing for resources. You want to statistically measure the workload and set priorities.

What action must you perform to achieve this?

- **A.** Create services for the applications and set a relative priority by assigning them to application users and using the DBMS\_MONITOR.SERV\_MOD\_ACT\_TRACE\_ENABLE procedure to trace the services.
- **B.** Create services for the applications and set a relative priority by assigning them to application users and using the DBMS\_MONITOR.SESSION\_TRACE\_ENABLE procedure to trace the services.
- **C.** Create services for the applications and set the relative priority of services within an instance by mapping the services directly to consumer groups.
- **D.** Create services for the applications and set a relative priority by assigning them to application users.

**Answer:** C
